ENGAGEMENT**

ALL-IN-ONE SUPPORT

Your Small Business Ally

- We are a professional employer organization (PEO), grouping small businesses together under our EIN, giving your business the efficiency and cost-savings of a large business.
- Our easy-to-use platform makes small business HR, compliance, payroll and health benefits easier than ever.
- Our national partnership with Cigna gives businesses of all size access to premium benefits at a competitive rate. This program is not available through traditional insurance brokers.
- We increase employee engagement and minimize your long-term risk through incentives and specialized wellness programs.

Customers pay a simple flat-fee for our services. No long-term contract required.

“Aliat's program elevates our benefits to the level needed to attract and retain the right people.”

— Margaret McShea, Firm Administrator, Carr Butterfield

More time to focus on growing your business

The average business owner spends 24% of their time on administrative tasks. Sound familiar? Outsource the tedious, time-consuming and heavily-regulated administrative tasks to us and get more time to do what you love - work on your business.

Offer your employees the benefits they deserve

Our leading-edge healthcare solution gives your employees premium benefits at a price you can't find through the traditional insurance marketplace. Our members can save up to 20% on employee health coverage.

Share the risk, keep all the reward

From employee concerns to workplace safety to federal regulations, we are your ally in every aspect of your business' health. Your risk is our risk, so our HR and legal experts make sure all the i's are dotted and the t's are crossed.

Healthier, happier employees = savings for you

Engaged employees build brands, increase customer satisfaction and improve your bottom line. We offer wellness programs to increase engagement and retention, as well as fill out the paperwork and handle payroll to free up your time to be a leader.

Do what you love. We'll do the rest.
